07/06/2016		General Motors	Manufacturer Safety recall issued - NHTSA #16V381 - Recall #2049151 - PASSENGER AIRBAG INFLATORS - Status: Remedy Not Yet Available
			Locate an authorized General Motors dealer to obtain more information about this recall. - Learn more about this recall

Description: Takata Corporation (Takata) has decided that a defect which relates to motor vehicle safety exists in certain 2007-2011 Cadillac Escalade, Escalade ESV, Escalade EXT, Chevrolet Avalanche, Silverado 1500, Suburban, Tahoe, GMC Sierra 1500, Yukon, Yukon XL, and 2009-2011 Chevrolet Silverado 2500/3500 and GMC Sierra 2500/3500 vehicles. GM

does not believe a safety defect exists in these vehicles and, in order to complete its safety investigation into these vehicles, GM has filed a Petition for Inconsequentiality with NHTSA with respect to these vehicles. For more information visit www.regulations.gov and search for Docket No. NHTSA-2016-0124.

The propellant in some types of Takata airbag inflators can degrade over time, especially after long term exposure in hot and humid regions. If the propellant degrades to a certain level, the inflators may rupture during deployment, causing serious or fatal injuries.

Remedy: The necessity of a remedy is dependent upon NHTSA's decision on GM's Petition for Inconsequentiality. Additional information will be available following that decision. In the meantime, you can also check the status of this recall at my.gm.com/recalls. GM considers your vehicle safe to drive.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Rental

Vehicle was registered by a rental agency.

Repossession

When a repossession occurs a vehicle owner fails to make loan payments, and the financial institution holding the title takes possession of the vehicle.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
